# Milton Keynes wins CITY status

**A**s part of The Queen's Platinum Jubilee, Milton Keynes has been crowned CITY STATUS.

The successful 2022 bid comes after three rejected applications over the last 22 years. In 2000, an application was submitted for the millennium - then again in 2002 for the Golden Jubilee, and 2012 for the Diamond Jubilee.

38 towns in total applied for the civic honour in total, with Milton Keynes sending its bid in typical MK fashion...by Starship robot. On Friday 20th May, it was announced that 8 places would be awarded the royal honour, the highest number of awards in a single competition! The other new cities joining Milton Keynes include Bangor, Colchester, Doncaster, Douglas, Dunfermline, Stanley and Wrexham.

MK's 2022 bid, put together by MK

Council, with the help of more than 50 knowledgeable people and organisations, included a long list of compelling reasons as to why it deserved city status. It included reasons such as its rich heritage, its 'city centre', diverse places for worship, modern amenities, green spaces, innovative thinkers, and most importantly, the fact that 'Milton Keynes already felt like a city'.

**MKFM spoke to some key figures in MK, celebrating the huge win. You can listen back to MKFM's interviews with the Leader of MK Council, Iain Stewart MP, Melanie Beck of MyMiltonKeynes and MK Dons Chairman Pete Winkelman at [mkfm.com/city](https://mkfm.com/city)**

## *Interesting Fact...*

*City status is only ever awarded by the reigning Monarch and not by the presence of a cathedral or by population size*

## Wes & Ros return to radio in Milton Keynes with MKFM

**F**ormer Horizon Radio presenters, Wes & Ros, will be returning to radio across Milton Keynes, with a brand new show on MKFM.

MKFM are delighted that former Horizon Radio presenters Wes and Ros will be joining the airwaves from Saturday 4th June, kicking off their brand new show with a big **Jubilee weekend special**.

Every weekend, between 8am and Noon, tune in to MKFM to catch the dynamic duo playing big classics from the 90s and 00s and today's biggest songs.

*Ros said: "Time has passed so quickly and we're certain after the first show it will feel like we've never been away."*
