

## SEMINARS

## FRIDAY 19<sup>TH</sup> SEPTEMBER 2025

TIME	PRESENTER	TITLE	CONTENT
11:30	<b>Flexzo Teach</b>	Eliminating Agency Spend: Strategic Savings for Your School	This session reveals how Flexzo Teach, the nation's first collaborative staff bank for schools, empowers school leaders and MATs to hire teachers directly. You'll discover how our platform connects your school with a qualified, compliance-ready pool of educators, streamlining recruitment and eliminating costly agency fees. We'll show you how to gain full control over your staffing with our "Zero Fees. Now & Forever." model, giving you the power of a recruitment agency without the associated placement or permanent hire fees.
12:00	<b>thyssenkrupp Materials UK</b>	An intro to thyssenkrupp Materials UK	Come and meet our CEO, Billy Kingsbury, who will give you an intro into who thyssenkrupp Materials UK are. Part of a global organisation thyssenkrupp Materials UK are a world leading metal materials supplier who supply to industries ranging from aerospace to healthcare to construction and more! Hear from Billy about his own career journey here and what careers we can offer you!
12:30	<b>ATL: Beyond Safety</b>	Do you want to build a Formula 1 Fuel Cell?	ATL is the world leader in liquid containment devices including fuel cells for all Formula1 Cars as well as many other motorsport events such as Dakar and Le Mans. We also make similar devices for many other industries like Aerospace and Marine. Today, you will learn how these unique cells are made and how you could become one of our highly skilled technicians and beyond. Given the unique nature of manufacturing, no specific previous experience is necessary.
13:00	<b>The University of Bedfordshire</b>	Higher Education.... you can do it!	Thinking of returning back into education or having a career change? This workshop will provide practical advice and guidance on all aspects around entering University, and dispel any myths around studying as a mature learner.
13:30	<b>SniffJob</b>	Real jobs - fast	Find roles, build tailored CVs, apply in minutes
14:00	<b>South Midlands Connect to Work</b>	Building skills, confidence, and connections: Step into work with support that matters	An introduction to the DWP Connect to Work Programme, outlining the support available for job readiness, skills development, and employment opportunities. Attendees will learn how the programme works, who it's for, and how to get started.
14:30	<b>Career Clinic Net</b>	Mid-Career Change: Redefining Success with Purpose and Confidence	Join us for a seminar tailored for those at career crossroads. Whether you're considering a pivot, seeking fulfilment, or re-entering the workforce, this event provides valuable guidance and strategies. Connect with like-minded individuals and gain the tools to redefine your career path successfully.
15:00	<b>SniffJob</b>	Real jobs - fast	Find roles, build tailored CVs, apply in minutes
15:30	<b>Counter Terrorism Policing</b>	Counter Terrorism Policing as an employer offers exciting, challenging and rewarding careers to a talented, diverse and passionate range of people.	Our officers and staff are at the forefront of the UK's work to confront terrorism, operating around the clock to prevent, disrupt and investigate dangerous extremists – whatever their ideology. We want to incite the most interest possible in the varied and fascinating roles we have on offer, from our student placements and graduate roles, to our more experienced and highly specialised positions. Come and see us to find out how you can play a part in protecting the country.
16:00	<b>PJ Care</b>	Shaun O’Gara, Director of Operations, and Harneet Gill, Recruitment Manager, will share highlights from PJ Care’s 25 years of specialist neurological care.	Learn about our three care centres, company culture, training, and progression opportunities, and celebrate our achievements and awards. Grab a seat and find out what makes our care exceptional.

# SATURDAY 20<sup>TH</sup> SEPTEMBER 2025

TIME	PRESENTER	TITLE	CONTENT
11.30	ATL: Beyond Safety	Do you want to build a Formula 1 Fuel Cell?	ATL is the world leader in liquid containment devices including fuel cells for all Formula1 Cars as well as many other motorsport events such as Dakar and Le Mans. We also make similar devices for many other industries like Aerospace and Marine. Today, you will learn how these unique cells are made and how you could become one of our highly skilled technicians and beyond. Given the unique nature of manufacturing, no specific previous experience is necessary.
12.00	Wizz Air UK Ltd	Inside the Crew Life – Wizz Air UK	Join Wizz Air UK at the MK Job Show 2025 for a live, insider look into the exciting world of cabin crew life. Discover what it's really like to work for Wizz Air UK at 35,000 feet – from the challenges to the unforgettable moments. We will share personal stories, career tips, and what it takes to succeed in the skies. Whether you're dreaming of travel, a new adventure, or a rewarding career, this session will bring you closer to your goals. Don't miss your chance to ask questions, get inspired, and take the first step toward your cabin crew journey.
12.30	Marshall Group	The Marshall Story	"For over six decades, Marshall's legacy has grown chord to chord, person to person, generation to generation. Our most iconic amps are still hand crafted in Bletchley, Milton Keynes by our skilled operatives. Today, the Marshall name stands for more than just our legendary guitar amplifiers. It powers musicians and music lovers with professional equipment, consumer electronics, a record label and a state-of the art recording studio, delivering exceptional audio experiences worldwide. We are the home of loud, so come and join our amazing manufacturing team!"
13.00	The University of Bedfordshire	Higher Education.... you can do it!	Thinking of returning back into education or having a career change? This workshop will provide practical advice and guidance on all aspects around entering University, and dispel any myths around studying as a mature learner.
13.30	South Midlands Connect to Work	Building skills, confidence, and connections: Step into work with support that matters	An introduction to the DWP Connect to Work Programme, outlining the support available for job readiness, skills development, and employment opportunities. Attendees will learn how the programme works, who it's for, and how to get started.
14.00	Flexzo Teach	Join Flexzo Teach: Empowering Educators, Eliminating Agency Restrictions	You'll learn how Flexzo Teach empowers you to choose when, where, and how you work, eliminating agency restrictions, hidden fees, and limited opportunities. Discover how our platform offers simplified compliance, smart matching with schools based on your skills, location, and availability, and ensures better pay without agency cuts. Gain insights into how you can take full control over your schedule, accept or decline roles with ease, and access a nationwide network for day-to-day cover, long-term placements, and permanent school roles, ultimately creating more meaningful connections and uplifting learning outcomes.
14.30	Career Clinic Net	AI's Impact on Your Career Growth	In this seminar, attendees will learn how AI tools can enhance career planning, providing confidence and efficiency. Participants will explore free or low-cost AI platforms for self-coaching and job applications. The seminar will also present a framework for integrating human coaching with AI to support thoughtful decision-making. Discussions will emphasise the human-centric future of careers, highlighting technology as a supportive teammate, not a replacement.
15.00	Early Years Careers	Do something BIG, work with small children. Explore Early Years Careers.	A career working with young children is unique and rewarding. From working in a nursery to registering as a childminder or supporting after school clubs, you'll shape children's early education and help give them the best start in life. Visit the Early Years Careers Seminar to find out more.
15.30	Counter Terrorism Policing	Counter Terrorism Policing as an employer offers exciting, challenging and rewarding careers to a talented, diverse and passionate range of people.	Our officers and staff are at the forefront of the UK's work to confront terrorism, operating around the clock to prevent, disrupt and investigate dangerous extremists – whatever their ideology. We want to incite the most interest possible in the varied and fascinating roles we have on offer, from our student placements and graduate roles, to our more experienced and highly specialised positions. Come and see us to find out how you can play a part in protecting the country.
